Eligibility of Applicant:	Criteria Met
	Criteria Not Met

Please provide a short summary of your organization's continuing education unit in this space. Use 11 point font and keep all printing within the space provided.

Please address the following areas demonstrating the leadership, innovativeness, and creativity of the continuing nursing education unit:

Business Practices

1. The organization faces challenges and implements bold solutions to address them.

2. The organization demonstrates effective use of resources to meet market, revenue, or organizational goals.

3. The organization implements effective monitoring which demonstrates continuous progression, improvement, or achievement.

4. The organization is recognized as a model for learning excellence by peers, the institution, and the industry.

Education Delivery

1. The organization demonstrates creativity in activity design and delivery to meet the needs of its constituents.

2. The organization demonstrates innovative teaching strategies and evidence-based nursing education to improve clinical decision making.

3. Educational activities are aggressively evaluated for effectiveness in implementation of evidence-based teaching and in achieving changes in practice or the learner's goals.

4. The organization's leadership is reflected through the adoption by others of its practices.

Expansion/dissemination of knowledge re: continuing nursing education

1. The organization plans implements, and evaluates educational activities based on relevant research as evidenced by the use of original planned research and/or use of others' established research in planning and implementing educational activities.

2. The organization contributes knowledge to the specialty through publications, presentations, and/or service to nursing professional development.

3. The organization's leadership is reflected in its support and partnership with other organizations to disseminate knowledge and 'best practices'.
